

## KEIGA FACTSHEET

Founded in 1996 in Taiwan, Keiga offers engineering expertise with substantial home, commercial, automotive, marine, RV, and PC audio experience in both OEM and ODM supplier roles for audio integration systems' brand marketers worldwide. In 2014 Keiga acquired AIM Inc. and Vistar Audio Inc. to become an audio engineering powerhouse, accumulating over 100 million units of products developed and production experience:

**10 IN-HOUSE TEAMS TO SERVE CLIENTS:** Led by two seasoned customer-oriented PD executives aiming to speed up the fast-to-market and quality commitments

**Product Development Team**  
 PM: Product Management  
 EE: Electronic Engineering  
 SE: Software Engineering  
 ME: Mechanical Engineering  
 DA: Documentation Administration  
 CC: Customer Coordination  
 QA: Quality Assurance  
 ID: Industry Design  
 PO: Procurement Office  
 PQ: Production Quality Controls  
 PE: Production Engineering

**2-FACTORY 5-LOCATION PRODUCTIONS:** Keiga is affiliated with

- **Gigatek**, founded in 1984, specializes in **high-mix high-volume** productions with ISO9001, 14001, 13485, QC080000, IATF16949, and OHSAS 18000 certified factories in Taichung Taiwan and Dongguan China
- **Top Union**, founded in 1990. specialized in audio, video and computer productions with ISO 9001, 14001, TS16949, QC 080000, BCMS, ESD S20.20, and OHSAS 18000 certified factories in Hsinchu Taiwan, Suzhou and Shanghai China.

**EXCEL IN UP-TO-DATE ENGINEERING & TECHNOLOGY:**

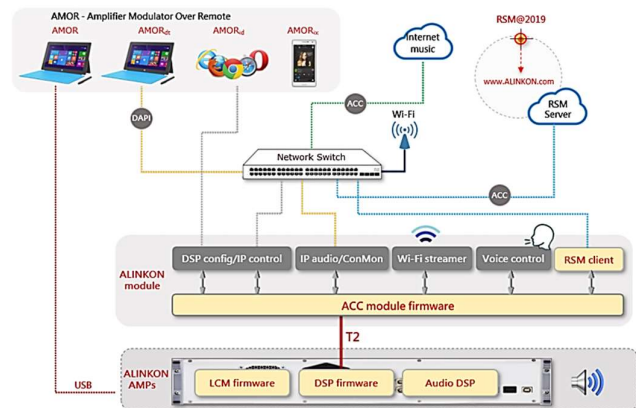

- Pioneering Max. 100W Ultra power PoE++ Audio Amp in 2019
- Produced the industrial first Amazon Echo Dot Distribution Amplifiers in 2017 and Echo Dot in-wall Amplifiers in 2018
- Introduced Dante™ integrated Amplifier with the proprietary ALINKON IoT/IP control/management firmware in 2017
- Built and shipped Marine and Recreational Vehicle Multi-zone Audio Amplifiers since 2017
- Launched the 2<sup>nd</sup> Generation SMPS audio amplifiers in 2015 and the 3<sup>rd</sup> Generation IP multi-zone amplifiers in 2017
- Entered strategic alliance with *CEntrance™* in an advanced DAC software engineering and *Linsation™* in intelligent microphone array and voice recognition solutions in 2017
- IoT and audio streaming technologies partnerships with Dante™, Libre™, Tibbo™, Amazon Alexa™ and Chromecast™.

**QUALITY AND SERVICE FIRST:** To insure production integrity and quality, Keiga has permanently emplaced Production Engineering and Quality Control Teams at the China factories and to provide better services, a U.S. Liaison Office at San Diego, CA and a U.S. Service Center in Detroit, MI were established for select customers.

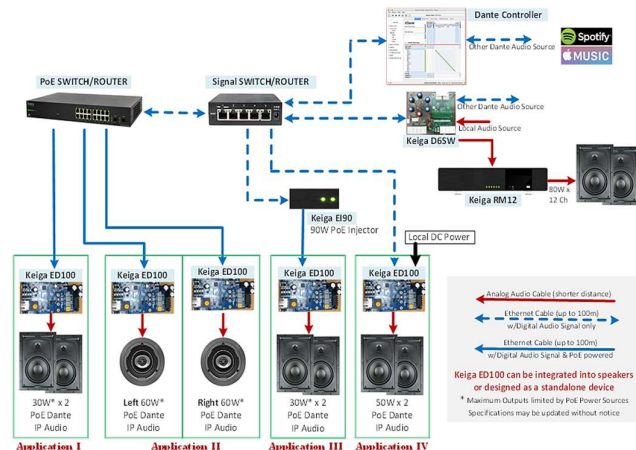

## KEIGA 3<sup>RD</sup> GEN. BASE MODELS

- **RH-series** 70-100V 1000 W Distribution Amplifiers
- **RM-series** 8, 12 and 16 channel IP Matrix Amplifiers
- **RX-series** 4-channel 1000/2000 W Power Amplifiers
- **RF-series** Wireless Audio Transmitter/Receiver
- **P Series** 150-1000 W Plate Amplifiers for speakers
- **I Series** In-Wall Amplifiers
- **M Series** Mini Amplifiers

## KEIGA 4<sup>TH</sup> GEN. ALINKON SOLUTIONS

## KEIGA 5<sup>TH</sup> GEN. HIGH POWER POE AMPS

## KEIGA FAST-TO-MARKET & COST-SAVING

- All engineers and technical specialists are under one roof at Keiga. The company is vertically integrated from concept discussion to finished goods delivery as truly a one stop service
- Keiga offers a variety of pre-designed modules that have been thoroughly reliability tested for providing agility, flexibility, and fast-to-market ODM and OEM products for brand marketers
- Passionate in audio design and development offering cost-saving optional design licensing and production technologies transfers, advisories and supports for clients with production facilities and capabilities for their maximum leverage
